

Request for Qualifications solicitation DACA31-02-R-0001, dated December 11, 2001 is amended as stated below. THE PROPOSAL DUE DATE IS NOT EXTENDED. OFFERS MUST BE RECEIVED NO LATER THAN JANUARY 24, 2002 AT 1630 HOURS (4:30 P.M. EST). This amendment is provided in adobe acrobat ".pdf" file on the Internet Website <http://rci.army.mil>.

The following questions have been presented in writing to the Contract Specialist by potential offerors.

Question 1: I see the 5 page limit on Section A and no tabs -- question: does our letter of transmittal count as 1 of the 5 pages?

Answer 1: The offeror's cover page or transmittal letter will not count towards the page count for Section A.

Question 2: A question has been received regarding Question 12 and the answer in Amendment 0003. For clarification purposes, this question is restated with a revised answer (i.e., the last two sentences of this answer has been deleted).

Question 12: On page 16 of the RFQ, it states that offerors are required to submit the Data Universal Numbering System (DUNS) and the Commercial And Government Entity (CAGE) code in addition to the Administrative Minimum Experience Requirement. It's not very clear where we need to address this, in Part A or Part B? Since Part A is limited to the maximum of 5 pages, can we list this information in Part B?

Answer 12: "The answer to this question appears in RFQ Appendix D, on page D-2 at Clause 52.212-1(e). The clause instructs offerors to "enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" followed by the DUNS number that identifies the offeror's name and address." The offerors are requested to register in the Central Contractor Registration (CCR) to obtain their CAGE code for Step 1. You must be registered in order for an award to be made to your firm at the conclusion of Step 2.

~~End of Amendment 0004~~
